- 1) Monitors supplied without nozzles - order separately.
- 2) Crating charge, add on \$200 net for freestanding monitors up to 20 ft., \$300 net add on for 25 ft. and over.
- 3) NO crate charge for the FPEL-111 supported elevated monitor.

FOAM HOSE REEL STATIONS

FPFT-60 S #316 Stainless steel foam hose reel station, 60 gallon tank and hose reel complete with 100 ft. 1 1/2" non-collapsible hose and constant flow 95 GPM direct connect fog/straight stream nozzle and matching eductor. Red Electrostatic finish for superior corrosion resistance. \$4,195.00

FPFT-60- Carbon steel foam hose reel station, 60 gallon tank and hose complete with 100 ft. 1 1/2" non-collapsible hose and constant flow 95 GPM direct connect fog/straight stream nozzle and matching eductor. Red Electrostatic finish for superior corrosion resistance. \$3,495.00

TERMS & CONDITIONS

- TERMS:** Net 30 days from date of invoice on credit approved accounts. A late charge of 2% per month will be charged on all past due accounts. New accounts without credit approval, will be shipped C.O.D. All orders and directions for shipment are subject to acceptance by FIRE PRO.
- MINIMUM CHARGE:** Minimum billing is \$50.00 per order, plus shipping charges.
- DELIVERY:** All orders are shipped F.O.B. our factory, with freight charges prepaid and billed.
- CLAIMS:** Damaged shipments must be reported to the carrier and claim filed upon receipt of shipment. FPM must be notified within 48 hours of receipt of goods. Any shortage or error in shipment must be reported to FPM immediately on receipt of order.
- RETURNS:** No returns will be accepted without prior written approval. There will be a 25% restocking charge on all returns.
- WARRANTY:** A one year limited warranty applies to all products. All products are guaranteed against defects in original material and workmanship.
- TAXES:** All prices and quotations are subject to local, state, and federal sales and excise taxes where applicable.
- PRICE QUOTES:** For quantity price quotes or special applications, contact our Customer Service Department. Price quotes are firm for 60 days.
- CUSTOM FABRICATION:** 50% deposit required for all custom fabrication.

FIRE PRO FP-750B BRASS MONITOR

**All brass construction • Seamless 2 1/2"
Waterway • Flows to 1100 GPM • BRASS
Discharge Tip • Red Epoxy Finish**

Fire Pro brass monitors were specifically designed to meet all requirements of municipal and petrochemical applications. The full flow single water-way configuration reduces friction loss and improves streams and reach. The FP-750B uses seamless brass tubing with a red electrostatic epoxy finish both inside and out for added corrosion resistance. This insures performance in the harshest industrial environments.

Contact Fire Products for a complete set of specifications and literature.
