Battalion Chief Duty Jacket

Our Nine 1 One Gear Battalion Chief duty jacket represents a revolutionary step forward in good looks, comfort, durability, and performance. Your fire crews will notice and appreciate the newly found freedom of movement found in the Battalion Chief, especially in the critical shoulder and upper arm areas. Progressive departments everywhere will appreciate that they can now have the best of both worlds: good looks with trend setting styling and the latest advances in design and material technology all combined in this one duty jacket for professional emergency service providers.

- NFPA 1999_2008 edition certification pending
- AirTex™ breathable outer shell waterproof to 7000mm
- AirTex™ P625 lamineer high technology inside liner:
 - viral resistant & blood borne pathogen barrier
 - waterproof (ISO 811 - exceeds 700 cm hydrostatic head)
 - highly breathable (ASTM E96 BW -7000gm/m2/24hrs)
 - thermal heat loss (P625 data THL > 450)
- Dupont Cordura® in high wear areas for added durability
- Ever-Quick® dry lining fabric for moisture control
- 30" body length on the XL sizes measured top front center to bottom with a 6" seat extension
- Bemis® seam seal taped for liquid tight integrity
- All zippers are water resistant and Bemis welding tape bonded to reduce bulk
- Center front zipper is also reflective for added safety: laser print Airtime logo
- Ergonomic back hem enhances protection from the elements
- No-draft internal cuff promotes thermal retention
- Side seam vents are nylon tricot for high breathability and ventilation control
- Attached hood with "Tungland Sthealth" design tucks into the body with no excess bulk
- 3M Scotchguard® reflective material meets Class 2 ANSI requirements
- Ergonomic sleeves enhance comfort and mobility
- Right chest pocket and mic tab designed to accommodate radio
- Left arm sleeve pocket allows for easy access to smaller items
- Adjustable hem draw cords with shield ends are accessed through main pockets to aid comfort in harsh elements and reduce chance of snagging
- Long 8" zippered main pockets
- Adjustable cuffs offer a customized fit with or without gloves
- Lining zipper allows for easy access to outer shell for patch placement
- Zipper guard eliminates irritation to the face and body
- Zipper cord pulls allow for easy access to all pockets and closures
- Standard NGT.BC Sleeveless Insulator winter liner attaches to jacket shell to provide additional warmth
- Nine1One shield logo made of flexible, durable recycled pvc
- Locker loop at back neck
- Standard sizes: small through xx-large (Ask about additional
