INSTRUCTIONS: Use this form to build and/or order a Turnout Pant. Follow Steps 1-6 and include CODES when/if possible. Use LIST PRICE column to add and total prices. There is also a separate Coat Form (page 3) and Size Form (page 7).

- 1. Select a Program - OSX, SCX or MTS. 2. Select a Pant Style (For OSX, skip to Step 5 to add any lettering and/or options. For SCX or MTS proceed to step 3-6).
- 3. Select an Outer Shell /Color from the SCX Program (page 1) or MTS Outer Shell Options (page 4). Indicate color (page 4). 4. Select a Liner System for SCX/MTS.
- 5. Select Options. Include all necessary descriptions and instructions for options such as size, color and location. 6. Use Size Form (page 7) to list sizes and names.

1	PROGRAM	<input type="checkbox"/> OSX (Off the Shelf XPress)	<input type="checkbox"/> SCX (Semi Custom Stock)	<input type="checkbox"/> MTS (Made to Spec)	
2	PANT STYLE	<input type="checkbox"/> A10 Attack	<input type="checkbox"/> B1 Battalion	<input type="checkbox"/> B2 Battalion	<input type="checkbox"/> Stealth

For OSX: skip to Step 5 to add any lettering and/or options. **For SCX or MTS:** proceed to Step 3-6.

INSTRUCTIONS

Sleeve: Sleeve lengths are graded to chest size so there is no need to measure, but for unusually long or short arms measure sleeve by holding arm out and forward as shown.

1. Begin tape measure at nape of neck and...

2. follow the outside contour of arm around elbow to 1" past wrist bone or fatty part of palm.

Chest: 3. Have Firefighter inhale and hold breath while you measure around the fullest part of the chest, keeping tape under arms and around shoulder blades.

Waist: 4. Measure around waist, over shirt and slacks at height you normally wear your slacks. Keep one finger between tape and body.

Inseam: 5. Wearing normal station wear, measure from crotch inner seam to ankle bone or desired length..

Hips (Women only): 6. Measure around fullest part of hips.

FIRE DEPARTMENT:

DISTRIBUTOR NAME:

COAT					PANTS			
FIRE FIGHTER NAME (used for lettering)	CHEST SIZE	COAT LENGTH	SLEEVE LENGTH	LETTERING Y/N	FIRE FIGHTER NAME	WAIST SIZE	INSEAM	HIP SIZE (women)

Numeric sizing in 2" increments for chest, waist and inseams.
Special sleeve lengths are available in 1" increments.

Overize Charges: Start at chest and waist size 52.
Add 5% for chest and waist sizes: 52" to 58"
Add 10% for chest and waist sizes: 60"+.

Codes

There are two different codes used to determine a set of gear.
The Outer Shell code and Liner System code. Both codes also designate style or model garment.

OUTER SHELL

A10

ATC = Attack Coat
ATP = Attack Pant

B2

BPC = Battalion Pleated Coat (B2)
BPP = Battalion Pleated Coat (B2)

Outer Shell codes consist of: Style, Shell Material, Color and Size.

Example: **BAC02Y/48** = Battalion Coat, NOMEX, Yellow, Size

BAC02Y/48 - BAC = Battalion Coat

BAC02Y/48 - 02 = NOMEX

BAC02Y/48 - Y = Yellow

BAC02Y/48 - 48 = Size

B1

BAC = Battalion Coat
BAP = Battalion Pant

STEALTH

ST22 = Stealth Coat
ST23 = Stealth Pant

LINER SYSTEM

A10

LOAC = Liner Attack Coat
LOAP = Liner Attack Pant

B2

LBPC = Liner B2 Coat
LBPP = Liner B2 Pant

Liner codes consist of: Style, Moisture Barrier, Thermal Liner and Size.

Example: **LOBC92/36x30** = Battalion Coat, Stedair 3000, Aralite, Size

LOBC92/36x30 - LOBC = Liner Option Battalion Coat

LOBC92/36x30 - 9 = Stedair 3000

LOBC92/36x30 - 2 = Aralite

LOBC92/36x30 - 36x30 = Size

B1

LOBC = Liner Battalion Coat
LOBP = Liner Battalion Pant

STEALTH

LST22 = Liner Stealth Coat
LST23 = Liner Stealth Pant

Terms and Conditions

Freight

Customer is responsible for freight charges. Decatur, AL 35603

Prices and Acceptance

All prices are subject to change without notice. All orders accepted subject to prices in effect at time of shipment. All orders must be accepted in writing by seller via e-mail, facsimile or other mail containing such acceptance.

Delivery

We will make every effort to meet your delivery schedule, but we shall not be responsible for any delay beyond our control such as strikes, fires or acts of God. Transportation Company's receipt of merchandise constitutes delivery and we shall not be responsible for damages, delay or loss. We will, however, assist you at any time to collect claims against transportation companies.

Return Goods Policy

No Returns will be accepted without a pre-approved written authorization. MTS, SCX and OSX gear that has been altered in any way cannot be returned. Unaltered OSX, other stock type gear or accessory in NEW condition can be returned within 30 days. After 30 days there will be a 20% Re-Stocking Fee. Not Returnable after 60 days. All returns must be shipped Freight Pre-Paid. Custom, made-to-order items are not returnable.

Sales Samples / Sizing Samples

Samples can be made available upon request (and availability) and pre-approval by the Territory Sales Manager. A Dealer PO must be provided and the item will be invoiced at FULL price. The sample should be returned in 30 days or less in same condition for full credit. Samples (excluding Sizing Samples) returned in other than new/same condition will be considered "un-sellable" and returned to the dealer and invoiced at regular price.

Wear Test Samples

Wear Test Samples can be made available upon request and pre-approval by the Territory Sales Manager. Terms are negotiable on a case-by-case basis.

Warranty

The following is made in lieu of all warranties expressed or implied including without limitation implied warranties of merchantability or fitness for a particular purpose: Seller's only obligation shall be to replace such products proved to be defective because of workmanship. This warranty does not extend to raw materials and components supplied to Lakeland or any of its subsidiaries or divisions by third parties. Seller shall not be liable for any injury, loss or damage, direct or consequential, arising out of the use of or inability to use the product. Before using, the end user shall determine the suitability of the product for his/her intended use and user assumes all risk and liability whatsoever in connection therewith. Safety and permeation data for Lakeland protective clothing is available upon request. As in almost all instances, we do not know and cannot contact end users of our products. It is incumbent upon safety distributors to distribute to the end users both Lakeland's and the fabric manufacturer's safety and use information as updated. Such data does not attempt to address all the safety issues associated with protective garments. Improper use of these garments may result in personal injury or death. Improper use includes, but is not limited to, improper selection, use without adequate training, disregard of any warnings and instructions supplied by the fabric manufacturer and failure to maintain and inspect the garment. Lakeland and its divisions' protective garments are intended to be used only in conjunction with an organized safety protection program; THE ENVIRONMENTAL PROTECTION AGENCY (EPA) and the requirements of OSHA Safety and Health Standard 29 CFR 1910 and OSHA regulations Section 1910 et seq. available from the US Department of Labor, Occupational Safety and Health Administration; or other pertinent national recognized standards, such as those promulgated by the National Fire Protection Association (NFPA), The American Society for Testing and Materials (ASTM), and the U.S. Coast Guard or the Department of Defense. The foregoing may not be changed except by the agreement signed by an officer of the seller. IN ALL EVENTS, WE MAKE NO WARRANTY OF ANY KIND WHATSOEVER, EXPRESS OR IMPLIED, AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE HEREBY DISCLAIMED BY US AND EXCLUDED FROM ANY CONTRACT.
