

**Another Innovation from the Manufacturer of  
The World's Greatest Tools**

**PRY BARS**

**Non-Conductive Nuplaglas® Handles**

**GET THE STRIPE**

**33" - 38" - 44" - 50"  
Lengths**

*Point & Wedge Ends  
Drop forged & hardened steel*

*Nuplaglas®  
50,000 strands  
of strength*

*Pry Bars designed with  
drop forged & hardened steel point  
& wedge ends with rust resistant  
black finish*

*Half the weight of steel pry bars*

*50,000 strands of Nuplaglas®  
strength molded inside a weather  
resistant polypropylene jacket*

*Nuplaglas® handle resists heat & cold  
less flex than a steel bar &  
strong enough to carry the  
Nupla Lifetime Warranty*

*Steel ends attached with the  
NuplaBond® system*

*Non-Conductive fiberglass provides  
insulation from electrical shock*

*Used by:  
Contractors & mechanics for  
construction & auto repair*

*Municipalities for safe  
prying, lifting & digging*

*Fire & Police - Forcible entry*
